Our Sailing programmes.

At Sailability Auckland we have a sailing programme suitable for everyone regardless of the level of disability or sailing skills. All Sailability Auckland instructors are certified by Yachting New Zealand. Our yachts have many safety features including a weighted center board ensuring the boats are virtually impossible to capsize

We are confident that we offer the safest way for you to develop your potential to enjoy sailing as a sport. People who have been trained by our instructors are now competing at sailing events around the world and have goals to compete at the Paralympics. Others just enjoy the freedom to “just mess around in boats”. What ever you want to do in a sailing boat we can teach you to do it to your best potential.

“We focus on what you can do not what you can’t”
